Further to the evidence given, please identify the funding cycles “happening” in the broader Targeted Community Care program.

Answer:

All current Targeted Community Care providers are on funding agreements that provide three year ongoing funding. The start and finish dates of these agreements vary depending on when organisations were first funded.

234 services are being renewed until 30 June 2014.

45 and 51 services respectively are on agreement activity end date of 30 June 2012 and 30 June 2013.
