

Senate Standing Committee on Environment and Communications

Answers to Senate Estimates Questions on Notice

Supplementary Budget Estimates Hearings November 2013

Communications Portfolio

NBN Co Limited

Question No: 200

Program No. NBN Co

Hansard Ref: In Writing

Topic: Rollout plans

Senator Lundy asked:

What are the roll-out plans going forward in the ACT and in the Southern NSW region?

Answer:

Apart from the existing activated areas, there are six Fibre Serving Area Modules (FSAMs) where build has commenced and where the expected date of Ready for Service is in the first 6-7 months of calendar 2014. There are plans for additional FSAMs to have the build instructions issued in the near future covering both the ACT and Southern NSW region. These will be progressively reflected on the NBN maps on the company's website.
