Topic: Proposal to the Commission of Audit

Senator Cameron asked:

Yes, I do not want to hear that again, quite frankly. I have heard it every time you have been here. I do not want to go down that track again. I just want to ask you one last question: can you provide any correspondence between you and the—oh, yes. Can you just provide the committee with an overview of what you intend to put to the commission of audit—both the strengths and weaknesses of your proposal, why you think it is important to put something to the commission of audit, how detailed that would be and how you would ensure integration of technology. I may have other questions on notice.

Mr Fahour: Okay, I will take that on notice.

Answer:

As referenced during the Senate Estimates hearing, Australia Post believes it is well equipped to provide a broad range of Government Services.
