**Topic: Provision of Equipment**

**Senator Ludwig asked:**

Is electronic equipment (such as ipad, laptop, wireless card, vasco token, blackberry, mobile phone (list type if relevant), thumb drive) provided to department/agency staff? If yes provide details of what is provided, the purchase cost, the ongoing cost and a breakdown of what staff and staff classification receives it.

**Answer:**

Australia Post provides electronic equipment to staff for business-related purposes. The specific details sought about the provision of electronic equipment across the entire corporation are not captured on any central database. As such, Australia Post is not in a position to provide the information requested.
