Legislation Committee**

Budget Estimates 2010-2011, May 2010

Answers to questions on notice

Climate Change and Energy Efficiency portfolio

Outcome:	1	Question No:	18
Program:	1.2		
Division/Agency:	DDPD		
Topic:	NSSP		
Hansard Page ECA:	Written		

Senator BIRMINGHAM asked:

1. How many schools have received funding under the National Solar Schools Program?
2. Please list all schools, and detail the size of each system/tank etc installed.

Answer:

1. As at 31 August 2010, a total of 2,601 schools have received funding totalling almost \$116 million under the National Solar Schools Program (NSSP).
2. Details of these schools, and the capacity of the items they have been approved to install with the assistance of NSSP funding, are presented in the table below.

Under current cooperative delivery arrangements for government schools in some states, final details of the cost and items being installed will be provided by the relevant state agencies as part of their final reporting and financial acquittal obligations. Where these details are not yet available for a school, the relevant column of the table has been marked 'TBA'.

State	School Name	Solar Power System Capacity (Kw)	Rainwater tank capacity (L)	Other Eligible Items e.g. solar hot water/sensors/timers/ lighting/ external window fittings	NSSP Payment to School	Total Project Cost
ACT	Emmaus Christian School	4950		N	\$45,450.00	\$45,450.00
