Ms Louise Gell
Committee Secretary
Senate Environment, Communications, Information
Technology and the Arts Legislation Committee
Department of the Senate
Parliament House
CANBERRA ACT 2600

Dear Ms Gell

I refer to the hearing of the Environment, Communications, Information Technology and the Arts Legislation Committee held on Tuesday 1 November 2005.

Following further review of the Hansard transcript of the hearing, I seek the following amendment to the Hansard transcript to amend an answer given by Professor Peter Fricker in response to the following question by Senator Lundy:

"AIS scholarship holders now, to your understanding, would not be permitted to use caffeine tablets or caffeine enhancements to improve their performance under your policy?" [page ECITA 46]

Professor Fricker answered *"That is correct."* [page ECITA 46]. I seek to have this amended to read *"That is correct, unless under medical supervision."*

I would be grateful if this amendment was made to the Hansard record of the hearing.

Thank you in advance for your assistance with this matter.

Yours sincerely

Mark A Peters
