

Australian Government

Nuclear-based science benefiting all Australians

10 March 2009

Committee Secretary
Senate Standing Committee on Economics
Department of the Senate
PO Box 6100
Parliament House
Canberra ACT 2600

Dear Mr Hawkins

I refer to my appearance before the Committee at Additional Estimates on 26 February 2009.

At page E 136 of the proof Committee Hansard, Senator Abetz makes reference to Dr Cutler's Report on the Review of the National Innovation System, and states that the report says that research staffing at ANSTO is being reduced from 250 to 200. Upon further review of the report, I note that it actually states that ANSTO's 'research staffing is being reduced from 300 to 250' (page 72).

Yours sincerely

Dr Ron Cameron
Chief of Operations
