Additional Estimates Hearing 2010-11
23 February 2011

AGENCY/DEPARTMENT: AUSTRALIAN NUCLEAR SCIENCE AND TECHNOLOGY ORGANISATION

TOPIC: Llewellyn Rees remuneration

REFERENCE: Question on Notice (Hansard, 23 February 2011, E20)

QUESTION No.: AI-7

Senator BUSHBY—Is the Victorian government's lobbyist register correct when it nominates a Llewellyn Rees as lobbying for ANSTO?

Dr Paterson—It is correct.

Senator BUSHBY—Is this the same Llewellyn Rees who was a Labor candidate in the Victorian election and who is reportedly a close friend of the minister?

Senator Carr—I am not certain that ANSTO would know who my close friends are.

Senator BUSHBY—It will be a matter of public record whether he was a Labor candidate in the Victorian election.

Dr Paterson—I did not know that he was a Labor candidate, but he certainly has worked with us in Victoria.

Senator BUSHBY—Minister, did you facilitate his engagement in any way at all?

Senator Carr—No.

Senator BUSHBY—You have had no involvement whatsoever?

Senator Carr—No.

Senator BUSHBY—What does he do and how long has he worked for ANSTO?

Dr Paterson—He has been working with ANSTO in a role and position within Victoria. As you know, in our corporate strategy, we have indicated that we should not just be a New South Wales based organisation. We have been trying to get an insight into an enhanced role in the Victorian setting. He has helped us with a number of events and presentations, specifically, for example, he assisted us with the Australian Collaboration for Accelerator Science and the launch of that initiative with the University of Melbourne. That would be an example.

Senator BUSHBY—How much has he been paid in that time?

Dr Paterson—I will take that on notice.

ANSWER

Please see the response to May Budget Estimates 2010-11 question BI-73 (**Attachment A**) for the total value of the contract awarded to Llewellyn Rees (trading as LK Creative Pty Ltd).

The total amount paid to LK Creative Pty Ltd by ANSTO to date is \$19,200 (excluding GST).

Budget Estimates Hearing 2010-11
31 May 2010

AGENCY/DEPARTMENT: INNOVATION, INDUSTRY, SCIENCE AND RESEARCH

TOPIC: Consultancies

REFERENCE: Written Question – Senator Barnett

QUESTION No.: BI-73

How many consultancies have been undertaken or are underway since November 2007? Please identify the name of the consultant, the subject matter of the consultancy, the duration and cost of the contract, and the method of procurement (ie. open tender, direct source, etc).

Please also include total value for all consultancies, including figures for total *spending* on consultancies and also *value of contracts awarded*? Provide total figures since November 2007 and a breakdown on these figures for FY 2008-09 and 2009-10 FYTD.

Is the Department up to date with its reporting requirements on the Government's tenders and contacts website? Are the figures available on that site correct?

How many consultancies are planned for this calendar year? Have these been published in your Annual Procurement Plan (APP) on the AusTender website and if not why not? In each case please identify the subject matter, duration, projected cost and method of procurement as above, and the name of the consultant if known.

ANSWER

The Department of Innovation, Industry, Science and Research (the Department) and its portfolio agencies engage consultants to provide specialist advice and services necessary to ensure effective program delivery. These consultants are engaged when the specialised skills required are not available within the department. Procurement contracts entered into by the Department, where the value is \$10,000 (including GST where applicable) or more, are reported on AusTender within six weeks of the contract being executed.

The Australian Research Council (ARC) is not currently up to date with its reporting on AusTender however processes have been put in place to rectify this for future reporting. For relevant *Commonwealth Authorities and Companies Act 1977* bodies, contracts valued in excess of \$400,000 and \$9 million for construction (including GST where applicable) are reported on AusTender within six weeks of the contract being executed.

The Department's planned strategic procurements, including consultancies, for the FY 2010-11 are included in the relevant 2010-11 Annual Procurement Plan. These are available at: www.tenders.gov.au.

In addition, details of consultancies valued at \$10,000 (including GST where applicable) or more are contained in the relevant Annual Reports.

Australian Nuclear Science and Technology Organisation's (ANSTO) consultancy details are as follows:

For ANSTO's consultancies between 1 May 2008 and 30 April 2009, refer to BI-103 (2009-10 Budget Estimates).¹

For consultancies from 1 November 2007 until 30 April 2008, and from 1 May 2009 and 31 May 2010, see the response below. The below figures do not include legal services and the approach to determining consultancy contracts from non-consultancy contracts was obtained from the Department of Finance and Administration's *Guidance on Procurement Publishing Obligations* (July 2007).

¹ Although the subject matter in BI-103 and the current question (BI-73) are the same, the information is provided in a different format as it takes into account the variations in the questions asked.
