Vacuum Technology and Vacuum Design Handbook for Accelerator Technicians	not easily calculable	not easily calculable	ANSTO

Please note this table does not include publications produced by the Commonwealth Scientific and Industrial Research Organisation (CSIRO). The CSIRO has advised that due to the diverse nature of the CSIRO's activities and the large number of publications produced each financial year, to provide an exact list and the level of detail requested would involve an unreasonable diversion of resources.

Please also note that as this information is as at 29 February 2012 this does not include figures for Outcome 3 and associated Agencies which is transferring from the Department of Education, Employment and Workplace Relations due to the recent Machinery of Government.
