TOPIC: Australian Education International's July 2012 paper

REFERENCE: Question on Notice (Hansard, 13 February 2013, page 70)

QUESTION No.: AI-34

Senator MASON: -----

When will a response be provided to Australian Education International's July 2012 paper: *Student voices: enhancing the experience of international students in Australia*? Is there any likelihood there will be any response to that?

Ms Weddell: That is a set of outcomes from focus groups that is part of the International Student Survey undertaken by government that was provided in the middle of last year. I do not have that report on me, but I can take your question on notice to provide the report.

ANSWER

Student Voices: Enhancing the experience of international students in Australia, was a report of research undertaken by the Government. The report was published in June 2012 and is available at <https://aei.gov.au/research/Publications/Documents/Student%20voices%20-%20FINAL.pdf>.

The purpose of this report was to provide more detail on the findings of the 2010 International Student Survey that was undertaken to inform the implementation of the COAG-endorsed International Students Strategy for Australia 2010-2014 and as such no response to the report is required.
