QUESTION No. BI-82

Senator ABETZ—All right. Can we move on to board appointments? What appointments have been made by the government through Executive Council, Cabinet and Ministers to statutory authorities, executive agencies and advisory boards? I ask for that to be taken on notice for the department and for the relevant agencies, together with what the respective appointees' credentials are, how many vacancies remain to be filled at those various levels and how long those positions may have been vacant.

Mr Paterson—We will take that on notice.
