

Senate Standing Committee on Economics

ANSWERS TO QUESTIONS ON NOTICE

Treasury Portfolio

Budget Estimates 3-5 June 2008

Question: bet 58

Topic: International Census

Hansard Page: E125

Senator Abetz asked:

Senator ABETZ—Can I ask about Uruguay? That is a very helpful analysis. Without you people doing any extra work, is there an easily available chart that sets out each country and the timing of each census, be it five years, 10 years or whatever? If there is, could you provide it to the committee? If there is not, do not burn the midnight oil.

Mr Pink—The UN Statistical Commission will have what I will call a table on its website. We will provide you with that reference.

Senator ABETZ—Thank you very much. That would be helpful.
