QUESTION NO.: BI-52

Senator ABETZ—If I can go to answer AI-70 that was provided to me on notice resulting from the last lot of estimates. First of all, can I say thank you very much for the answer that was provided. Can I be advised of the various classifications, how many resigned and how many retired; that is the separations in that first table on top of the page? If you have that information handy, that is helpful, if not, if you could take that on notice.

ANSWER

As previously provided, the separation rate for ARC executive staff 1 July 2005 to 31 March 2008 was:

Separations by classification

Classification	1 July 05- 30 June 06	1 July 06 – 30 June 07	1 July 07 – 30 June 08	1 July 08 – 31 March 09
SES	4	1	3	4
EL2	0	0	0	0
EL1	4	3	2	5
TOTAL	8	4	5	9
