

**Economics Legislation Committee**  
**ANSWERS TO QUESTIONS ON NOTICE**  
Industry, Innovation, Science, Research and Tertiary Education Portfolio  
Budget Estimates Hearing 2012-13  
28 and 29 May 2012

---

**AGENCY/DEPARTMENT:** DEPARTMENT OF INDUSTRY, INNOVATION, SCIENCE, RESEARCH AND TERTIARY EDUCATION

**TOPIC:** Websites

**REFERENCE:** Question on Notice (Hansard, Tuesday 29 May 2012, page 38)

**QUESTION No.:** BI-74

**Senator COLBECK:** Yes. How many different internet, extranet and intranet sites does the department maintain?

**Mr Pennifold:** In terms of internet and intranet sites, I understand the number is around 30. The intranet ones are obviously those available within the department.

**Senator COLBECK:** Can you differentiate the numbers, internet versus intranet? Can you give me a separation of that?

**Mr Pennifold:** Yes. We will take that on notice, but we can give you the exact number of internet and intranet sites.

**ANSWER**

Prior to the Machinery of Government (MOG) changes announced in December 2011 the department had 29 internet sites, 17 extranet sites and five intranet sites. An additional 45 websites have been identified to be transferred to the department as part of the MOG changes.
