Budget Estimates

4 June 2013

Question: **BR43**

Topic: **Cost of the fit-out of Tourism Australia's new premises in Sydney**

Proof Hansard Page: **Written**

Senator Ronaldson asked:

What has been the cost of the fit-out of Tourism Australia's new premises in Sydney?

Answer:

The cost of the fit-out for Tourism Australia's Sydney office was \$3.4 million. The fit-out is owned by the landlord and not Tourism Australia.

The cost of Tourism Australia's fit-out was included as part of the signing of the lease with the building owner which required minimum fit-out standards and approval rights on the lay out.
