With respect to the additional information requested:

- Year when ERI category was assessed

See table provided at **Attachment A**.

- ERI per capita rates (primary and secondary separately) and total ERI funding for each school for each of the years 2002, 2003 and 2004 that would have applied if the schools had been funded under the ERI system

The ERI funding system ceased on 31 December 2000. Schools were not funded under the ERI system in 2002, 2003 and 2004.

- 2001-2004 actual funding level as a percentage of AGSRC (primary and secondary separately) – Independent Schools

This information is provided in the answer to E599_06 under the column headed '2001-2004 % AGSRC or FM'.

Note that, for the 2001-2004 quadrennium, all independent schools, other than Funding Maintained (FM) and new schools (NS), received increased funding and these increases were phased in at 25 per cent of the increase each year, so that by 2004 schools were funded at their new SES level.

- Full AGSRC primary and secondary for each of the years 2001, 2002, 2003 and 2004

	Primary AGSRC \$	Secondary AGSRC \$
2001	5,378	7,101
2002	5,657	7,469
2003	6,056	8,021
2004	6,580	8,595

- School type – Independent Schools

All schools reported in the answer to E599_06 are regular schools other than those shown as special schools.

- 2005-2008 funding type for each school (as per types published in the Commonwealth Gazette)

This information is provided in the answer to E599_06 in the column headed 'Funding status as at 1/1/2005' for independent schools and the column headed '2005-2008 % of AGSRC or FM' for Catholic schools.

A 'special assistance school' is a non-government school in a State or Territory that has been, or is likely to be, recognised by the State Minister as a school that primarily caters for students with social, emotional or behavioural difficulties. Special assistance schools will be determined once advice is received from State and Territory Education Ministers.

- 2005-2008 actual funding level as a percentage of AGSRC (primary and secondary separately) – Independent Schools

This information is provided in the answer to E599_06. These percentage levels represent the actual payment rates for all schools except Funding Guaranteed (FG) schools. For FG schools these percentage levels equate to the schools' SES scores. FG schools have had their 2004 per capita dollar amounts guaranteed until the value of the new 2005-2008 score is equal to, or greater than, their 2004 entitlements.
