

**Change of Circumstances – 15/08/03**

The Change of Circumstances functionality has been released into EA3000. JNMs will only be able to view JSCI responses and JSCI results as well as print JSCI responses for the next couple of days until the next EA3000 update. The next update will allow JNMs to enter details regarding the jobseeker's change of circumstances.

Using the Change of Circumstances Page.

A Users Guide to the Change of Circumstances Page in EA3000.
