DEST Question No. E853_07

Senator Carr provided in writing.

Question:

New schools

1. Can you provide a listing of new non-government schools approved, and extensions approved for existing schools, for the years 2000-2006?
2. Please also provide the initial enrolment size for each of those schools.
3. For the years since the commencement of the Establishment Grants Program, please indicate whether or not each school received an Establishment Grant and, where a school did not receive such a grant, the reason for this.

Answer:

New schools

1. Attachment A contains details of the new non-government schools approved for the years 2000 to 2006, including the initial enrolments of each school.
2. Initial enrolment data for all schools in receipt of Establishment Grants since 2000 have been provided in Attachment B. Initial enrolment information is not part of the assessment of funding resulting from an extension in school level and as such this historical data is not readily available. Attachment B also contains details of the extensions approved for new and existing non-government schools for the years 2000 to 2006.
3. From the commencement of the Establishment Grants programme in 2001, all schools in Attachment A received an Establishment Grant payment with the exception of the following 3 schools which were ineligible for Establishment Grants:
 - Obadiah Christian College – newly commencing school that opened in 1992, closed in 2000 and subsequently re-opened in 2004 – not entitled to Establishment Grants funding;
 - Hubbard's School – applied as a new school in 2002 but was found to be in existence prior to the commencement of the Establishment Grants programme; and
 - Herrick Presbyterian Covenant School – applied as a new school in 2003 but was found to be in existence prior to the commencement of the Establishment Grants programme.
