Senator Crossin asked on 14 February 2007, EWRE Hansard page 84.

#### **Question:**

Cooperative Research Centre research

**Senator CROSSIN**— Of the CRCs that were successful, are any of them undertaking or doing any similar research?

**Ms Emery**—I think I need to take that on notice.

#### **Answer:**

*Cooperative Research Centre research*

The focus of the current CRC for Tropical Savannas Management and the proposed CRC for Tropical Savanna Futures is on pastoral, mining, landscape and environmental management, and human resource development across the savanna regions of northern Australia. None of the successful CRCs from the 2006 selection round is undertaking or doing any similar research.
