Question

Consultation to Improve Campus Services

What factors will the Government consider in deciding whether any new funding for services and facilities should be disbursed by Government, by universities or by student organisations?

Answer

The Government will consider the issues raised in written submissions and during consultations on the impact of voluntary student unionism. Matters such as sustainability of services, the provision of services and amenities at smaller and regional universities and campuses, the sustainability of funding and maintaining infrastructure, and issues around student advocacy and representation will be considered.
