SENATE LEGISLATION COMMITTEE - QUESTIONS ON NOTICE 2007-08 ADDITIONAL ESTIMATES HEARING

Outcome 2

DEEWR Question No. EW60_08

Senator Nettle provided in writing.

Question

Funding of Schools

Please provide a consolidated version of detailed information on grants to non-government schools, other than recurrent grants, identifying Catholic systemic and other independent schools separately, for each year from 2001 to 2007, inclusive.

For each school, please provide the school number, location, state, postcode, and in separate columns, each type of non-recurrent funding, including capital grants, establishment grants, emergency funding and other programs in respect of schools, including school chaplains.

Please provide this information in Excel format, or in a form that can be readily converted to Excel format.

Answer

The spreadsheet at [Attachment A](#) provides school number, name of school, location, state, postcode, sector (independent and Catholic systemic schools), year, Capital Grants, Establishment Grants, Investing in Our Schools Program (IOSP), National Schools Chaplaincy Program, Drought Assistance for Schools Program, Flagpoles Funding Initiative and the Country Areas Program.

Notes:

- Payments made under Drought Assistance for Schools, Flagpoles Funding Initiative, the National Schools Chaplaincy Program and Country Areas Program are reported for the calendar year in which funding was paid to the school.
- Payments made under IOSP, Establishment Grants and Capital Grants are reported for the program year in which the payment was authorised.
- All payments include GST.
- Only grants made to individual schools are included.
- Country Areas Program information only includes payments that have been made to individual schools and excludes payments made for cluster projects, where a number of schools are associated for a project. Data for projects prior to 2007 are not available for individual schools.
- Payments made under a number of smaller programs are not included as they cannot be readily compiled at the school level. These programs are Success for Boys, Australian School Innovation in Science, Technology and Mathematics (ASISTM), Boys Education Lighthouse, Values Education, Family-School Partnerships and Discovering Democracy.

- The financial information provided is current at 28 March 2008 and may not correlate with previously published data. Financial data is correct at time of publication and may undergo subsequent amendments after the accountability statements have been finalised.
- Details of payments made to schools under the Short-Term Emergency Assistance program are confidential as public release of the data would likely impact on public confidence in the schools.
