Question

Attendance and Enrolment Measures

What progress had been made on implementing the national attendance and enrolment measure passed by the previous Government in the Northern Territory Emergency Response legislation by November 2007?

How much funding was allocated to the measure by the previous Government?

Answer

Work on implementing the measure prior to 24 November 2007 focused on rolling it out in the Northern Territory (ahead of the national implementation) to coincide with the Northern Territory Emergency Response.

The former government made provision for \$42.2 million in 2007-08.
