**DEEWR Question No. EW1172\_09**

Senator Cash asked on 26 February 2009, EEWL Hansard page 42.

**Question**

*Cost per employment outcome*

Are you then able to provide the cost per employment outcome for those placed by a Job Network member?

**Answer**

The cost per employment outcome is based on a Post-Program Monitoring survey which is undertaken throughout the year and collects information about the labour force and education status of job seekers around three months after they leave a period of employment assistance. It does not ask whether the job seeker was placed in employment by their Job Network provider.
