Question

LOCAL EMPLOYMENT COORDINATORS - KPI3

How is the Department measuring KPI3- 'New jobs or training for redundant workers are facilitated'?

Answer

KPI3: *New jobs or training for redundant workers are facilitated* is measured by:

- Evidence of the number of retrenched workers assisted into training or jobs;
and
- Feedback from DEEWR state/regional offices.

Under the terms and conditions of the Local Employment Coordinator (LEC) services contracts, LECs must regularly report to the Department detailing their work in their priority employment area.

The Department assesses LEC performance through the combined analysis of these reports and DEEWR State Network feedback on LEC activities. The assessment is focussed on individual performance and also takes into account the distinct complexities of each priority employment area.
