

EDUCATION, SCIENCE AND TRAINING

SENATE LEGISLATION COMMITTEE - QUESTIONS ON NOTICE 2003-2004 BUDGET ESTIMATES HEARING

AGENCY: Australian Nuclear Science and Technology Organisation

DEST Question No. E020_04

Senator Carr tabled on 4 June 2003.

Question:

What is the revenue "services and contract research"? What kind of services are referred to here?

Answer:

ANSTO has provided the following response.

Revenue and services

"Services & Contract Research" represents the revenue from "Contract Research", "Consulting Services", "Other Product Sales" and "Other Incomes". ANSTO provides a wide range of services to industry including:

- Consultancy services and products to the mining industry.
- "ANSTO Green Trends", an environmental consultancy.
- Chemical and Waste Engineering, Hydrometallurgy and Radioactive Ore Processing
- Mineral Processing/Extractive Metallurgy
- Remaining Life Assessment Facilities and Commercial Services
- Microstructural Characterisation Facilities
- ANSTO provides consultancy work on welded structures and is a core participant of the CRC for Welded Structures.
- On-going contract work with international customers in ceramic wasteforms for nuclear waste (synroc type).
- Safety and Radiation Science services such as Radiological Instrument Calibration, Radiation Protection Consultancies, Radiation Safety Training and Safety and Reliability Services
- Engineering Quality Control, Inspection, Testing and Calibration
- Irradiation Services
