**SENATE LEGISLATION COMMITTEE - QUESTIONS ON NOTICE
2003-2004 BUDGET ESTIMATES HEARING**

AGENCY: Australian Nuclear Science and Technology Organisation

DEST Question No. E023_04

Senator Carr tabled on 4 June 2003.

Question:

What services are provided to the tenants of the technology park, or any other tenants at Lucas Heights? Where can I find details of those? Can you provide me with details of the services provided to each tenant?

Answer:

ANSTO has provided the following response.

Services provided to tenants at Lucas Heights

General services provided to tenants include building maintenance, cleaning and garbage collection, associated infrastructure (such as power, water, phone lines and access control) and use of amenities such as the ANSTO library. Service agreements are negotiated with individual tenants and will vary depending on need.

Any additional services to tenants are provided on a commercial basis. Such services include irradiation services, sample preparation, contract research, consulting, product sales and training courses.
