Answer:

Copies of reports

The report '*Socioeconomic Background and Higher Education Participation: An Analysis of school students' aspirations and expectations - EIP Report*' by R James has been published and a copy is attached.

The report '*Mobility: Why Do University Students Move*' by R Blakers et al is yet to be published. Following publication, a copy will be provided to the Senate.

The remaining reports are in the nature of internal policy advice prepared for the deliberative processes of Minister Nelson and it would not be appropriate to provide these reports to the Senate.
