

**SENATE EMPLOYMENT, WORKPLACE RELATIONS AND EDUCATION  
LEGISLATION COMMITTEE**

**2003-2004 BUDGET ESTIMATES HEARING – 2 and 3 JUNE 2003**

**EMPLOYMENT AND WORKPLACE RELATIONS PORTFOLIO**

**QUESTIONS ON NOTICE**

**Outcome: 1 An effectively functioning labour market**

**Output Group: 1.1 Labour market policy and analysis**

**Outputs: 1.1.2 Research, evaluation and reporting**

**Question Number: W110-04**

**Question:**

Senator Campbell asked in writing:

For each labour market assistance program - Intensive Support, Job Search and Training, Job Matching (Job Network Eligible and Job Matching Only), NEIS, SEDS, Work for the Dole, IEP, CDEP, IEP-Wage Assistance, Transition to Work, please provide:

- % employed full-time
- % employed part-time
- % employed casual
- % employed total
- % not in the labour force
- % receiving further assistance (as defined in footnote 1 to Table 1.1, Labour Market Assistance Outcomes, June 2001)
- % in education and training
- % having a positive outcome (as defined in footnote 1 to Table 1.2, Labour Market Assistance Outcomes, June 2001)
- Number of exits

**By state and regional basis**

**By DEWR Labour Market Region**

**By Statistical Local Area**

**Answer:**

The attached tables present the information requested.

**Intensive Assistance**

1. Post assistance outcomes are measured three months after the job seeker ceases assistance and relate to job seekers who ceased Intensive Assistance between 1 January 2002 and 31 December 2002 and outcomes achieved by 31 March 2003.
2. Further assistance includes commencements in DEWR funded labour market assistance. Job seekers who do not achieve an employment outcome are treated as either unemployed or not in the labour force.
3. Positive outcomes include employed and education/training outcomes. Positive outcomes are less than the sum of employed and education/training outcomes because some job seekers achieve both an employment and an education outcome. Positive and employment outcomes exclude indigenous job seekers who return to Community Development Employment Projects (CDEP) after leaving labour market assistance.

1. The funding level refers to the level of disadvantage as defined by the Job Seeker Classification Instrument (JSCI) with B being the most disadvantaged.
2. Post assistance outcomes are measured three months after the job seeker ceases assistance and relate to job seekers who ceased Intensive Assistance (funding level A) between 1 January 2002 and 31 December 2002 and outcomes achieved by 31 March 2003.
3. Further assistance includes commencements in DEWR funded labour market assistance. Job seekers who do not achieve an employment outcome are treated as either unemployed or not in the labour force.
4. Positive outcomes include employed and education/training outcomes. Positive outcomes are less than the sum of employed and education/training outcomes because some job seekers achieve both an employment and an education outcome. Positive and employment outcomes exclude indigenous job seekers who return to Community Development Employment Projects (CDEP) after leaving labour market assistance.

1. Post assistance outcomes for Job Matching relate to job seekers who were placed in a job between 1 January 2002 and 31 December 2002 and outcomes achieved by 31 March 2003. For job seekers who achieved a Job Matching placement within three months of leaving labour market assistance such as Job Search Training, Intensive Assistance and Work for the Dole, the outcome is excluded from Job Matching but included under the programme or service they participated in.
2. Positive outcomes include employed and education/training outcomes. Positive outcomes are less than the sum of employed and education/training outcomes because some job seekers achieve both an employment and an education outcome. Positive and employment outcomes exclude indigenous job seekers who return to Community Development Employment Projects (CDEP) after leaving labour market assistance.

Source: The DEWR Post Programme Monitoring Survey conducted three months after job seekers cease assistance.

1. Post assistance outcomes are measured three months after the job seeker ceases assistance and relate to job seekers who ceased NEIS between 1 January 2002 and 31 December 2002 and outcomes achieved by 31 March 2003.
  2. Further assistance includes commencements in DEWR funded labour market assistance. Job seekers who do not achieve an employment outcome are treated as either unemployed or not in the labour force.
  3. Positive outcomes include employed and education/training outcomes. Positive outcomes are less than the sum of employed and education/training outcomes because some job seekers achieve both an employment and an education outcome. Positive and employment outcomes exclude indigenous job seekers who return to Community Development Employment Projects (CDEP) after leaving labour market assistance.
- na Not available as the estimate is based on a small number of known outcomes.

1. Post assistance outcomes are measured three months after the job seeker ceases assistance and relate to job seekers who ceased Work for the Dole between 1 January 2002 and 31 December 2002 and outcomes achieved by 31 March 2003.
2. Further assistance includes commencements in DEWR funded labour market assistance. Job seekers who do not achieve an employment outcome are treated as either unemployed or not in the labour force.
3. Positive outcomes include employed and education/training outcomes. Positive outcomes are less than the sum of employed and education/training outcomes because some job seekers achieve both an employment and an education outcome. Positive and employment outcomes exclude indigenous job seekers who return to Community Development Employment Projects (CDEP) after leaving labour market assistance.
