Answer:

Assessment of Growth in States' funding

The Australian National Training Authority (ANTA) assesses growth in States' funding within the scope of the ANTA Agreement each year and makes recommendations to the ANTA Ministerial Council on eligibility of each of the jurisdictions to receive a share of the growth funds made available by the Australian Government as part of the Agreement. This information is published annually by ANTA at State and Territory level in Appendix 1 of the *Directions and Resource Allocations Report*. An assessment for 2003 is not yet available.
