Question Number: W031-05

Question:

Senator Campbell asked at *Hansard* page 42:

How many Job Network sites were operating in the southern suburbs of Adelaide under ESC2?

Answer:

There is no comparison between sites in ESC2 and ESC3 as the contract is entirely different and the Job Network sites provided specific services and not necessarily all services. Data for JN sites under ESC2 also indicate other employment services eg NEIS.

The southern suburbs of Adelaide are covered by the Employment Service Areas (ESAs) of South Western Adelaide and Southern Adelaide.

The total number of sites offering employment services in these ESAs at the end of ESC2 was 18.

Currently, the total number of employment service sites in these ESAs is 25.
