Senator Campbell asked at *Hansard* page 55:

Please provide a breakdown of monthly figures under Job Network 3 - for job placements for mature age job seekers?

**Answer:**

The numbers of total job placements for mature age job seekers recorded for each month from July 2003 to April 2004 are detailed in the table below. Note that, due to the Easter period, April is a seasonally low month for job placement activity. Compared to the 8,700 achieved in April 2004, a total of 5,630 job placements were recorded for mature age job seekers in April 2003.
