SENATE LEGISLATION COMMITTEE - QUESTIONS ON NOTICE 2005-2006 BUDGET ESTIMATES HEARING

Outcome: 2
Output Group: 2.2 – New Apprenticeships

DEST Question No. E155_06

Senator Carr provided in writing.

Refers to DEST Question Nos. E395_05, E396_05, E397_05, E787_05 & E791_05

Question:

Please update the tables provided in answers:

E395-05, E396_05, E397_05, E787_05, E791_05

with the latest available data (12 months ending 31 December 2004).

Answer:

These estimates which are publicly available have been prepared by the National Centre for Vocational Education and Research (NCVER).

Definition of Traditional Apprenticeships

Questions E395_05, E396_05, E397_05 related to electorate data for the Australian Standard Classification of Occupations (ASCO) statistical category 'trades and related workers' (ASCO 4). This is the data used by the Australian Government to report trades related New Apprenticeships for comparison purposes and for consistency.

The Traditional Apprenticeships proxy measure used in the NCVER Apprenticeship and Traineeship Collection, approximates 'trades and related workers' occupational category contracts at Certificate III and above with more than two years expected duration for full-time contracts and more than eight years expected duration for part-time or school based contracts. It does not include all New Apprentices employed in what are considered to be the traditional trades.

NCVER estimates data for the Traditional Apprenticeships proxy measure only relates to New Apprenticeships from 1996. Prior to 1996 the delineation of apprenticeships and traineeships was based solely on ASCO classifications as data based on the Australian Qualifications Framework was not reported.

Electorate Information

Electorate information is supplied by the NCVER.

The following tables contain numbers of New Apprenticeships commencements in the trades and related worker occupational groups in the twelve months to December 1996 to 2004 by (i) electorate (ii) postcode (iii) state and (iv) industry:
