SENATE LEGISLATION COMMITTEE – QUESTIONS ON NOTICE 2005-2006 BUDGET ESTIMATES HEARING

Outcome: CSIRO
Output Group: CSIRO

DEST Question No. E199_06

Senator Carr provided in writing.

Question:

Dr Sandland informed the Committee on 1 June that the New IT system was up and running?

To how many divisions and staff was the system available when he said that?

It appears that a great many staff did not have access to the new system at that time?

Was Dr Sandland's answer correct, or can he now inform the Committee whether he still believes that the system was available to all staff or only to a select few?

Who precisely had access to the new system on the morning of 1 June?

Answer:

CSIRO has provided the following response.

Website

Dr Sandland's answer was correct.

The system was up and running on 1 June and on that day an email was sent to Communication Managers and the Executive Management Council providing details of the internal web address. An "all staff" communication was sent in CSIRO's weekly internal newsletter, *Monday Mail*, on 6 June 2005 further promoting the new internal web address.
