Question Number: W043-06

Question:

Senator Wong asked at *Hansard* page 4 :

Will the government guarantee that the new Job Network contract will require disability access?

Answer:

Current arrangements with Job Network providers means that where disability access is not available to a Job Network site, alternative servicing arrangements are in place to ensure that any job seeker with a disability is able to access the services of that Job Network member.

In this way the government already guarantees that all job seekers have access to Job Network services and the same provisions will apply into the future.
