Outcome: 2
Output Group: 2.2 - Australian Apprenticeships

DEST Question No. E120_07

Senator Stephens asked on 1 June 2006, EWRE Hansard page 69.

Question:

- (a) The complete list of qualifications that make an apprentice eligible for the toolkit
- (b) How many apprentices have commenced that qualification in the past 12 months?

Answer:

Tools For Your Trade

- (a) Qualifications eligible for the Tools For Your Trade initiative map to trades taken from the Trades Persons section of the Migration Occupations in Demand List (the MODL). The MODL is reviewed and updated as a result of detailed labour market research by the Department of Employment and Workplace Relations. On 28 March 2006, the MODL was updated and 16 additional trades were added to the original 26 trades. Eligible qualifications are listed below. On 20 September 2006 the MODL was updated again to remove one trade which first appeared on the 28 March list.
- (b) As at 5 October 2006, 80,182 Australian Apprentices have commenced in qualifications leading to eligible trades.
