SENATE LEGISLATION COMMITTEE - QUESTIONS ON NOTICE
2006-2007 BUDGET ESTIMATES HEARING

Outcome: CSIRO
Output Group: CSIRO

DEST Question No. E480_07

Senator Wong provided in writing.

Regarding the following comments made by CSIRO at Estimates:

31 May 2006, EWRE, p.13:

Dr Garrett—*Yes. As I think we talked about last time, Senator, we have over the last 18 months implemented a major review process in our science investment process around the appropriate investment of our parliamentary appropriation resources. We tabled the broad direction-setting document under cover of a question on notice last time and it indicates the trends of some of the areas that are growing and some of the areas that are staying the same and a couple of areas that we are pulling back on. So there will be shifts in our overall science portfolio as we go forward, but overall we are looking at net growth in science, as Mike has indicated.*

Please provide an update on which Divisions will receive additional funding under the SIP, which Divisions will remain the same and which Division will be cut? Please provide dollar amounts for the cuts and increases.

Answer:

CSIRO has provided the following response.

Science Investment Process
