Outcome CSIRO

DEST Question No. E050_08

Senator Milne asked on 30 May 2007, EWRE Hansard page 66-67.

Question:

Senator Milne – I just need to understand the process. The industry paid for the research. CSIRO delivered the research, according to the directives industry had given in framing the research. Now it has come up with recommendations. I would just like to know whether CSIRO has been contracted to do any follow-up research to implement the recommendations.

Dr Morton – Not to my knowledge.

Senator Milne – Would you be able to verify that and take it on notice?

Dr Garrett – Yes. We will take that on notice and confirm it. If there is any variation from Dr Morton's answer, we will give you that information

Answer:

CSIRO has provided the following response.

Public Opinion Surveys – cLET

CSIRO has not been contracted to carry out any follow up research in relation to implementing the recommendations of the Centre for Low Emissions Technology (cLET) report *Understanding and Incorporating Stakeholder Perspectives to Low Emission Technologies in QLD*.
