Senator Abetz asked on 2 June 2008, DEEWR Hansard page 77:

Question

Subject Heading

Have you had any feedback that the workload they are being subjected to at the moment is untenable or unsustainable?

Answer

A variety of mechanisms have been established to allow DEEWR staff to raise issues or concerns or suggest ideas about the establishment of DEEWR. Two key communication channels were the email inbox and telephone hotline.

There has been no feedback received through these mechanisms indicating that staff feel that the workload is either "untenable" or "unsustainable".
