Senator Siewert provided in writing.

**Question**

*Education measures under the Northern Territory Emergency Response*

Are there any particular successful programs that you are promoting as 'best practice' (in regard to the NTER)?

**Answer**

The Government has extended many NTER measures for the 2008-09 financial year, and on 6 June 2008, announced a comprehensive and independent review of the NTER. That review will assess what is working and what may need to be changed as the NTER goes forward.
