Senator Abetz provided in writing.

Question

COMCARE COURSE

Do you agree that the development of a course, accreditation of a course, establishment of business systems and marketing of a course takes a lot of time and hard work?

Answer

Comcare has provided the following response:

Yes.

Where a health and safety representative training provider is seeking to develop or amend their training course to ensure compliance with the *Guidelines – Health and Safety Representatives training in the Commonwealth jurisdiction*, Comcare at all times has worked with, and offered to work with, that provider to bring their course up to the standards required by the Safety, Rehabilitation and Compensation Commission.
