**SENATE LEGISLATION COMMITTEE – QUESTIONS ON NOTICE
2003-2004 SUPPLEMENTARY ESTIMATES HEARING**

Outcome: CSIRO
Output Group: - CSIRO

DEST Question No. E566_04

Senator Carr asked on 5 November 2003.

Question:

Is CSIRO still developing this technology?

Answer:

CSIRO has provided the following response.

Contingent liabilities – AMC – further development of the technology

CSIRO is not investing (and has no plans to invest) its funds to develop AM process technology on which the proposed Stanwell smelter would have been based. As advised in the answer to question E565_04, CSIRO still undertakes some contract work for AMC in this area on a fee-for-service basis.
