Notes

Includes allocations for General Recurrent Grants, Establishment Grants and Capital Grants only.
 Based on current information as at 10/11/2005 (totals may differ slightly from published information)
 Postcodes based at the school level, for multi-campus schools the postcode is determined from the head campus
 The year shown is the programme year for the allocation, not necessarily the year of payment

Notes

Includes allocations for General Recurrent Grants, Establishment Grants and Capital Grants only.
Based on current information as at 10/11/2005 (totals may differ slightly from published information)
Postcodes at the school level, for multi-campus schools the postcode is determined from the head campus
The year shown is the programme year for the allocation, not necessarily the year of payment

Notes

Includes allocations for General Recurrent Grants, Establishment Grants and Capital Grants only.
 Based on current information as at 10/11/2005 (totals may differ slightly from published information)
 Postcodes at the school level, for multi-campus schools the postcode is determined from the head campus
 The year shown is the programme year for the allocation, not necessarily the year of payment

Notes

Includes allocations for General Recurrent Grants, Establishment Grants and Capital Grants only.

Based on current information as at 10/11/2005 (totals may differ slightly from published information)

Postcodes based at the school level, for multi-campus schools the postcode is determined from the head campus

The year shown is the programme year for the allocation, not necessarily the year of payment

Notes

Includes allocations for General Recurrent Grants, Establishment Grants and Capital Grants only.
 Based on current information as at 10/11/2005 (totals may differ slightly from published information)
 Postcodes based at the school level, for multi-campus schools the postcode is determined from the head campus
 The year shown is the programme year for the allocation, not necessarily the year of payment

Notes

Includes allocations for General Recurrent Grants, Establishment Grants and Capital Grants only.
Based on current information as at 10/11/2005 (totals may differ slightly from published information)
Postcodes based at the school level, for multi-campus schools the postcode is determined from the head campus
The year shown is the programme year for the allocation, not necessarily the year of payment

Notes

Includes allocations for General Recurrent Grants, Establishment Grants and Capital Grants only.

Based on current information as at 10/11/2005 (totals may differ slightly from published information)

Postcodes based at the school level, for multi-campus schools the postcode is determined from the head campus

The year shown is the programme year for the allocation, not necessarily the year of payment

Notes

Includes allocations for General Recurrent Grants, Establishment Grants and Capital Grants only.
 Based on current information as at 10/11/2005 (totals may differ slightly from published information)
 Postcodes based at the school level, for multi-campus schools the postcode is determined from the head campus
 The year shown is the programme year for the allocation, not necessarily the year of payment

Notes

Includes allocations for General Recurrent Grants, Establishment Grants and Capital Grants only.
 Based on current information as at 10/11/2005 (totals may differ slightly from published information)
 Postcodes based at the school level, for multi-campus schools the postcode is determined from the head campus
 The year shown is the programme year for the allocation, not necessarily the year of payment

Notes

Includes allocations for General Recurrent Grants, Establishment Grants and Capital Grants only.
 Based on current information as at 10/11/2005 (totals may differ slightly from published information)
 Postcodes shown at the school level, for multi-campus schools the postcode is determined from the head campus
 The year shown is the programme year for the allocation, not necessarily the year of payment

Notes

Includes allocations for General Recurrent Grants, Establishment Grants and Capital Grants only.
 Based on current information as at 10/11/2005 (totals may differ slightly from published information)
 Postcodes based at the school level, for multi-campus schools the postcode is determined from the head campus
 The year shown is the programme year for the allocation, not necessarily the year of payment

Notes

Includes allocations for General Recurrent Grants, Establishment Grants and Capital Grants only.

Based on current information as at 10/11/2005 (totals may differ slightly from published information)

Postcodes at the school level, for multi-campus schools the postcode is determined from the head campus

The year shown is the programme year for the allocation, not necessarily the year of payment

Notes

Includes allocations for General Recurrent Grants, Establishment Grants and Capital Grants only.

Based on current information as at 10/11/2005 (totals may differ slightly from published information)

Postcodes based at the school level, for multi-campus schools the postcode is determined from the head campus

The year shown is the programme year for the allocation, not necessarily the year of payment

Notes

Includes allocations for General Recurrent Grants, Establishment Grants and Capital Grants only.
 Based on current information as at 10/11/2005 (totals may differ slightly from published information)
 Postcodes based at the school level, for multi-campus schools the postcode is determined from the head campus
 The year shown is the programme year for the allocation, not necessarily the year of payment

Notes

Includes allocations for General Recurrent Grants, Establishment Grants and Capital Grants only.

Based on current information as at 10/11/2005 (totals may differ slightly from published information)

Postcodes based at the school level, for multi-campus schools the postcode is determined from the head campus

The year shown is the programme year for the allocation, not necessarily the year of payment

Notes

Includes allocations for General Recurrent Grants, Establishment Grants and Capital Grants only.
 Based on current information as at 10/11/2005 (totals may differ slightly from published information)
 Postcodes based at the school level, for multi-campus schools the postcode is determined from the head campus
 The year shown is the programme year for the allocation, not necessarily the year of payment

Notes

Includes allocations for General Recurrent Grants, Establishment Grants and Capital Grants only.
 Based on current information as at 10/11/2005 (totals may differ slightly from published information)
 Postcodes based at the school level, for multi-campus schools the postcode is determined from the head campus
 The year shown is the programme year for the allocation, not necessarily the year of payment

Notes

Includes allocations for General Recurrent Grants, Establishment Grants and Capital Grants only.
 Based on current information as at 10/11/2005 (totals may differ slightly from published information)
 Postcodes based at the school level, for multi-campus schools the postcode is determined from the head campus
 The year shown is the programme year for the allocation, not necessarily the year of payment

Notes

Includes allocations for General Recurrent Grants, Establishment Grants and Capital Grants only.
 Based on current information as at 10/11/2005 (totals may differ slightly from published information)
 Postcodes based at the school level, for multi-campus schools the postcode is determined from the head campus
 The year shown is the programme year for the allocation, not necessarily the year of payment
