### SENATE LEGISLATION COMMITTEE - QUESTIONS ON NOTICE 2005-2006 SUPPLEMENTARY ESTIMATES HEARING

**Outcome:** 1  
**Output Group:** 1.1 – Funding for Schools

#### DEST Question No. E599\_06

Senator Wong provided in writing.

#### Question:

Please provide Excel spreadsheet (incl in electronic form) containing the following for each non-government school:

- General recurrent funding (actual where available and projected where actual figures are not yet available) including primary per capita rates, secondary per capita rates and total funding for each year from 2001 to 2008
- Primary and secondary enrolments (actual where available and projected where actual figures not yet available) for each year from 2001 to 2008
- Location
- State/Territory
- Current Federal Electorate
- ERI
- 2001 SES score
- 2005 SES score
- 2001 Primary per capita rate, secondary per capita rate and total funding had they been funded under the ERI system
- whether each school is either Funding Guaranteed or Funding Maintained
- the SES score each school was actually funded for
- for each SES score, what % of AGSRC does each school get for primary and secondary students, and in 2005, what are dollar amounts for each
- the quantum of private funds available to each

#### Answer:

##### *Funding for Non-government Schools 2001 to 2008*

The information requested above (excluding the quantum of private funds available to each school) is attached. DEST collects information on private income in confidence and, therefore, cannot provide the quantum of private funds available to each school.

#### Notes:

In some cases, schools have opened or closed part way through a year and, therefore, their total funding is not based on a full calendar year.

The entitlement amount for systemic schools is the amount that the school attracts to the system and may be different from the final amount allocated to the school by the system authority.

The enrolments and actual entitlements included in this response may vary from other published data which does not include retrospective ad-hoc payments or recoveries generally due to enrolment variations made after the end of a calendar year.

The information is provided in pdf format to ensure that the integrity of the dataset is maintained.
