Answer:

Investing in Our Schools

- a. Funding distributed to government schools as at 7 November 2005 are provided at Attachment A.
- b. As at 7 November 2005, no money has been distributed to non-government schools under the IOSP programme. The closing date for schedules from Block Grant Authorities for recommended projects was 31 October 2005. Payments will be made progressively via the State and Territory Governments to the Block Grant Authorities, who then administer the funding to schools. DEST anticipates all 2005 payments being made by mid-December 2005.

The Block Grant Authorities received applications from non-government schools over the course of the year. There were no discrete rounds for non-government schools.

- c. DEST expects Round 1 funds to be paid to all government schools by late January 2006
