Question:

Senator Evans asked in writing:

Has the Department identified a baseline data (e.g. school attendance figures, incidence of disease, etc) for use in measuring the success of the trial?
When was this dataset formally agreed on? If not, why not given the 2003 report identified this as an urgent priority?

Answer:

Questions on the evaluation of the COAG trial sites are handled by OIPC, as advised in Senate Estimates p.20.
