Question Number: W822-07

### **Question:**

Senator Evans asked in writing: Please provide a table of all CDEPs and their job outcomes (including initial outcomes, at 13 and 26 weeks) in order of most outcomes to least outcomes.

### Answer:

CDEP Service providers are able to record employment placements and outcomes for their participants through one of two avenues:

- Community Development Employment Projects Placement Incentives (CDEPPI); or
- Indigenous Employment Centres (IEC) if they have a current contract.

In the 12 months to October 2006 there were 3022 initial employment placements and 1645 13 week outcomes. Please note that the CDEPPI programme does not have 26 week outcomes.

Due to commercial in confidence reasons we are unable provide the number of placements and outcomes achieved at individual organisation level. The attached table provides a list of all CDEP Service providers in 2006-07.

Please note the above figures do not include any IEC placements or outcomes as they are included in Question W823-07 as requested.
