Question

Annual Procurement Plan

Does the information that appears on the annual procurement plan usually include things like the method of the contract being let, the cost of the contract, its duration and things like that? Are they usually on that part of the website?

Answer

The Department's Annual Procurement Plan is prepared in accordance with the July 2007 Guidance on Procurement Publishing Obligations – Financial Management Guidance – 15 issued by the Department of Finance and Deregulation in relation to the publishing of Annual Procurement Plans on AusTender. This includes a description of each planned procurement and the estimated month of approach to market.
