**Senator Back asked on 20 October 2011, Hansard page 55**

**Question**

**Schools per trade training centre**

Senator BACK: I guess one answers the other, does it? There are about three schools per trade training centre? Ms Smith: It very much varies. A number of stand-alone schools are stand-alone trade training centres. Senator BACK: Perhaps you could just take that on notice and give me a breakdown. Ms Smith: Yes. Senator BACK: How many of these are in non-government schools? Ms Smith: We are just looking to see whether we have a sectoral split; otherwise, we may need to take that on notice.

**Answer**

The table below details the number of announced stand-alone and cluster Trade Training Centres by sector. Data are current as at 11 November 2011.

**NUMBER OF STAND-ALONE AND CLUSTER TRADE TRAINING CENTRES**

Sector	Stand-alone TTCs	Cluster TTCs		Total	
		Cluster TTCs	Schools benefiting	TTCs	Schools benefiting
Government	57	150	673	207	730
Non-government	45	36	134	81	179
<b>Total</b>	<b>102</b>	<b>186</b>	<b>807</b>	<b>288</b>	<b>909</b>

Note that minor variations can occur after announcement of projects that may result in small changes to these data over time as a result of, for example, changes to the composition of cluster Trade Training Centres, schools being involved in more than one cluster, etc.
