

Grants Reporting

Reporting period – December 2007 - 08 February 2010

The value of the grant \$	The name of the grant recipient	The name of the program under which the grant was made	Description (intended use)	Locations benefiting from the grant
44,000	Royal Melbourne Institute of Technology (RMIT University)	Climate Change Adaptation Centre	Support funding to participate as a Coordinating Lead Author in the Intergovernmental Panel on Climate Change Special Report	Melbourne
11,000	Monash University	Climate Change Adaptation Centre	Promote and support adaptation action	Victoria
44,000	Monash University	Climate Change Adaptation Centre	Promote and support adaptation action	Victoria
2,786,300	CSIRO	Australian Climate Change Science Program 2009/2010	Research into nature, causes, timing and implications of climate change for Australia.	National Interest
1,185,800	Bureau of Meteorology	Australian Climate Change Science Program 2009/2010	Research into nature, causes, timing and implications of climate change for Australia.	National Interest
100,320	Australian Academy of Science	Australian Climate Change Science Program 2009/2010	Research into nature, causes, timing and implications of climate change for Australia.	National Interest
1,650,000	CSIRO	Australian Climate Change Science Program 2009/2010	Research into nature, causes, timing and implications of climate change for Australia.	National Interest
550,000	Bureau of Meteorology	Australian Climate Change Science Program 2009/2010	Research into nature, causes, timing and implications of climate change for Australia.	National Interest
35,200	CSIRO	Climate Change Adaptation Centre	Promote and support adaptation action	National Interest
3,500,000	Fisheries Research and Development Corporation	Climate Change Adaptation Centre	Promote and support adaptation action	National Interest
50,000	Australian Local Government Association	Climate Change Adaptation Centre	Promote and support adaptation action	National Interest
162,910	Australian National University	Australian Climate Change Science Program 2009/2010	Research into nature, causes, timing and implications of climate change for Australia.	Canberra
4,000,000*	Australian Carbon Trust Limited	Australian Carbon Trust	Management of the Energy Efficiency trust which will provide information and tools for business to effectively participate in Australia's climate change response.	National Interest
45,000*	The Energy and Resources Institute, India	Influencing international climate change	Provide advice on international climate change arrangements and build the capacity of key developing countries to take effective climate change action through bilateral partnerships	National Interest
120,000	IPCC Secretariat	Helping to shape a global climate change solution	Provide advice on international climate change arrangements and build the capacity of key developing countries to take effective climate change action through bilateral partnerships	National Interest
16,726*	EcoPerspectives	Helping to shape a global climate change solution	Provide advice on international climate change arrangements and build the capacity of key developing countries to take effective climate change action through bilateral partnerships	National Interest
160,000	Australian Institute of Landscape Architects	National Climate Change Adaptation Program	Promote and support adaptation action	National Interest
156,486	Australian Institute of Architects	National Climate Change Adaptation Program	Promote and support adaptation action	National Interest
95,000	Australian Homeland Security	National Climate Change Adaptation Program	Promote and support adaptation action	National Interest
132,000	Townog Shire Council	National Climate Change Adaptation Program	Promote and support adaptation action	Townog Shire
110,000	Dept of Innovation - Australian Building Codes Board	National Climate Change Adaptation Program	Promote and support adaptation action	National Interest
154,000	Local Government Association of the Northern Territory (Top End Shires)	National Climate Change Adaptation Program	Promote and support adaptation action	Northern Territory
154,000	Local Government Association of the Northern Territory (Arnhem Land)	National Climate Change Adaptation Program	Promote and support adaptation action	Northern Territory
93,500	City of Geraldton - Greenbough	National Climate Change Adaptation Program	Promote and support adaptation action	Greenbough
154,000	Nambucca Shire Council	National Climate Change Adaptation Program	Promote and support adaptation action	Nambucca Shire Council
155,109	University of Tasmania (ACE CRC)	National Climate Change Adaptation Program	Promote and support adaptation action	Tasmania
119,900	Mid West Regional Council	National Climate Change Adaptation Program	Promote and support adaptation action	Mid West Regional Council
2,200,000	Engineers Australia	National Climate Change Adaptation Program	Review of the Australian Rainfall and Runoff handbook Phase 1 & 2	National Interest
550,000	CSIRO	National Climate Change Adaptation Program	Promote and support adaptation action	National Interest
319,000	CSIRO	National Climate Change Adaptation Program	Promote and support adaptation action	National Interest
34,885	Monash University	Climate Change Science Program	Research into nature, causes, timing and implications of climate change for Australia.	Victoria
152,900	Hunters Council	National Climate Change Adaptation Program	Assist Local Government adapt to climate change undertaking a risk assessment and developing an adaptation plan.	National Interest
15,715	University of Tasmania (ACE CRC)	National Climate Change Adaptation Program	Promote and support adaptation action	Tasmania
660,000	CSIRO	National Climate Change Adaptation Program	Promote and support adaptation action	National Interest
770,000	CSIRO	National Climate Change Adaptation Program	Promote and support adaptation action	National Interest
990,000	CSIRO	National Climate Change Adaptation Program	Promote and support adaptation action	National Interest
17,443	The University of Queensland	Influencing International Climate Change Policy	Provide advice on international climate change arrangements and build the capacity of key developing countries to take effective climate change action through bilateral partnerships	Brisbane
44,715*	Climate Strategies	Influencing International Climate Change Policy	Provide advice on international climate change arrangements and build the capacity of key developing countries to take effective climate change action through bilateral partnerships	Brisbane
220,000	Victoria University	Influencing International Climate Change Policy	Provide advice on international climate change arrangements and build the capacity of key developing countries to take effective climate change action through bilateral partnerships	National Interest
110,000	Dept of Environment and Conservation, WA	Influencing International Climate Change Policy	Provide advice on international climate change arrangements and build the capacity of key developing countries to take effective climate change action through bilateral partnerships	National Interest
55,000	CSIRO	Influencing International Climate Change Policy	Provide advice on international climate change arrangements and build the capacity of key developing countries to take effective climate change action through bilateral partnerships	National Interest
27,500	Climate Change and Business Centre Limited	Influencing International Climate Change Policy	Provide advice on international climate change arrangements and build the capacity of key developing countries to take effective climate change action through bilateral partnerships	National Interest
16,500	University of Wollongong	Influencing International Climate Change Policy	Illawarra Climate Change Risk Planning	National Interest
55,000	Dept of Agriculture, Fisheries and Forestry	Influencing International Climate Change Policy	Provide advice on international climate change arrangements and build the capacity of key developing countries to take effective climate change action through bilateral partnerships	National Interest

450,439	CSIRO	Influencing International Climate Change Policy	Provide advice on international climate change arrangements and build the capacity of key developing countries to take effective climate change action through bilateral partnerships	National Interest
176,000	Australian Institute of Landscaping Architects	National Climate Change Adaptation Program	Promote and support adaptation action	National Interest
104,500	Australian Homeland Security Research Centre	National Climate Change Adaptation Program	Promote and support adaptation action	National Interest
610,500	Geoscience Australia	National Climate Change Adaptation Program	Promote and support adaptation action	National Interest
110,000	Australian Building Codes Board	National Climate Change Adaptation Program	Promote and support adaptation action	National Interest
165,000	James Cook University	National Climate Change Adaptation Program	Promote and support adaptation action	National Interest
572,000	Spatial Information Systems Ltd	National Climate Change Adaptation Program	Promote and support adaptation action	National Interest
3,300,000	National Health and Medical	National Climate Change Adaptation Program	Funding research in Health Challenges of Climate Change	National Interest
361,878	CSIRO	National Climate Change Adaptation Program	Promote and support adaptation action	National Interest
110,000	Geoscience Australia	National Climate Change Adaptation Program	Promote and support adaptation action	National Interest
1,100,000	CSIRO	Australian Greenhouse Science Program	Research into nature, causes, timing and implications of climate change for Australia.	National Interest
220,000	Victorian University	Influencing International Climate Change Policy	Provide advice on international climate change arrangements and build the capacity of key developing countries to take effective climate change action through bilateral partnerships	National Interest
450,934	CSIRO	Influencing International Climate Change Policy	Provide advice on international climate change arrangements and build the capacity of key developing countries to take effective climate change action through bilateral partnerships	National Interest
48,340	The Energy and Resources Institute -New Delhi	Influencing International Climate Change Policy	Provide advice on international climate change arrangements and build the capacity of key developing countries to take effective climate change action through bilateral partnerships	National Interest
50,000	University of Wollongong	Influencing International Climate Change Policy	Provide advice on international climate change arrangements and build the capacity of key developing countries to take effective climate change action through bilateral partnerships	National Interest
45,000	The Energy and Resources Institute -New Delhi	Influencing International Climate Change Policy	Provide advice on international climate change arrangements and build the capacity of key developing countries to take effective climate change action through bilateral partnerships	National Interest
220,000	Monash University	National Climate Change Adaptation Program	Promote and support adaptation action	Victoria
275,000	University of NSW Treasury	Australian Centre for Climate Change	Funding for Hawkesbury Forest Experiment	National Interest
203,500	CSIRO	Australian Centre for Climate Change	Scientific services for climate change	National Interest
8,525,000	Australian Academy of Science	Climate Change Science Program	Research into nature, causes, timing and implications of climate change for Australia. Including Australian involvement in the international Geosphere-Biosphere Program, the World Climate Research Program and the Scientific Committee on Oceanic Research.	National Interest
22,000	Yothu Yindi Foundation	Greenhouse action to enhance sustainability in regional Australia	Address challenges and knowledge gaps about climate change in regional Australia	National Interest
50,000	World Meteorological Organisation	Influencing International Climate Change Policy	Provide advice on international climate change arrangements and build the capacity of key developing countries to take effective climate change action through bilateral partnerships	National Interest
35,000	Thebe Conferences	Influencing International Climate Change Policy	4th International IGBP Congress 2008 - Sponsorship	National Interest
577,940	CSIRO - Mathematical and Information Services	Influencing International Climate Change Policy	To further develop China's national carbon accounting capacity.	North Ryde
33,000	Baker & McKenzie	Influencing International Climate Change Policy	DCC Contribution to the CDM Rulebook	National Interest
52,745	City of Burnside	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan.	Glenside
55,000	Gold Coast City Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Gold Coast MC
55,000	City of Boroondara	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Camberwell
55,000	Logan City Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Logan City DC
55,000	Ipswich City Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Ipswich
55,000	Armidale Dumaresq City Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Armidale
55,000	Redland Shire Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Cleveland
55,000	Shire of Wongan-Ballidu	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Wongan Hills

55,000	Byron Shire Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Mullumbimby
55,000	City of Marion	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Oaklands Park
55,000	Shellharbour City Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Shellharbour City Centre
55,000	Wollongong City Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Wollongong
54,282	Manly Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Manly
55,000	Mansfield Shire Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Mansfield
55,000	Shire of Murchison	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Mullewa
55,000	Sunshine Coast Regional Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Caloundra
55,000	City of Mandurah	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Mandurah
55,000	Campaspe Shire Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan.	Echuca
26,818	Rockdale City Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Rockdale
55,000	Eastern Metropolitan Regional Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Belmont
55,000	Shire of Broome	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan.	Broome
55,000	Randwick City Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Randwick
22,000	Melbourne City Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan.	Melbourne
55,000	Kiama Municipal Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Kiama
55,000	Cradle Coast Authority	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Burnie
55,000	Launceston City Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan.	Launceston
55,000	Port Stephens Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Raymond Terrace

33,000	Borough of Queenscliffe	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Queenscliff
55,000	Cairns Regional Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Cairns
55,000	City of Onkaparinga	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Noarlunga Centre
49,682	Southern Metropolitan Regional Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Boorgoon
33,000	Blue Mountains City Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Katoomba
55,000	Townsville City Council	Climate Change Adaptation Program	Local Adaptation pathways program (LAPP Grant) to provide funds to local governments to implement a risk management process to identify likely impacts of climate change on council operations, and to initiate the development of an adaptation action plan	Townsville
120,618	University of Queensland	Climate Change Adaptation Program	Funding for the Climate Change Adaptation Skills for Professionals program	Brisbane
129,999	Australian Homeland Security Research Centre P/L	Climate Change Adaptation Program	Funding for the Climate Change Adaptation Skills for Professionals program	Curtin
165,000	University of Western Australia	Climate Change Adaptation Program	Design of appropriate climate change adaptation content in the Climate change Studies Programme	Crawley
165,000	University of the Sunshine Coast	Climate Change Adaptation Program	Cross institutional collaboration to revise tertiary curricula to reflect current climate change adaptation trends and understandings	Maroochydore
165,000	University of Southern Queensland	Climate Change Adaptation Program	Funding for the Climate Change Adaptation Skills for Professionals program	Toowoomba
150,695	University of Tasmania	Climate Change Adaptation Program	Funding for the Climate Change Adaptation Skills for Professionals program	Launceston
164,450	International Centre of Excellence in Water Resource Management	Climate Change Adaptation Program	Revise and develop existing and new territory course curricula, revise and develop professional development progress	Adelaide
165,000	Environment Institute of Australia and New Zealand	Climate Change Adaptation Program	Funding for the Climate Change Adaptation Skills for Professionals program	Melbourne
165,000	Environment Institute of Australia and New Zealand	Climate Change Adaptation Program	Funding for the Climate Change Adaptation Skills for Professionals program	Melbourne
150,695	University of Tasmania & Industry	Climate Change Adaptation Program	Funding for the Climate Change Adaptation Skills for Professionals program	Tasmania
139,700	Australian Institute of Refrigeration Air Conditioning & Heating	Climate Change Adaptation Program	Develop and deliver professional development short course and on line learning resources	Melbourne
165,000	Australian Institute of Landscape Architects	Climate Change Adaptation Program	Research Education needs, revise, develop competencies education polices and accreditation requirements and develop, revise and deliver professional development courses and supporting material	Canberra
165,000	Griffith University	Climate Change Adaptation Program	On line learning resources (quality controlled) for access by national network	Nathan
154,779	Access Macquarie Ltd	Climate Change Adaptation Program	Funding for the Climate Change Adaptation Skills for Professionals program	Sydney
30,000	International Institute for Sustainable Development	Influencing International Climate Change Policy	DCC 2008 Environmental Negotiations Bulletin Contribution	National Interest
44,000	Department of Territory and Municipal Services	Climate Change Adaptation Program	A preliminary assessment of catchment condition, water storage capacity & water yields across the Australian Alps	Canberra
2,200,000	Engineers Australia	Climate Change Adaptation Program	To revise the Australian Rainfall and Runoff book	Barton
161,423	Department of Innovation Industry, Science and Research	Climate Change Adaptation Program	Potential impacts of climate change on the current Building Code of Australia and identify potential adaptation measures	Canberra
440,000	CSIRO	Climate Change Adaptation Program	Investigation of climate change driven variations in offshore wave climate along the NSW coast	Kenmore
34,581	UNFCCC Secretariat	Influencing International Climate Change Policy	Grant to UNFCCC for project V143	National Interest
533,512	CSIRO Land and Water	Greenhouse Action to Enhance Sustainability in Regional Australia	To improve the capability of FullCAM to provide a fully comprehensive (nitrous oxide, methane and carbon dioxide) greenhouse gas account for all land uses in Australia.	National Interest
36,300	NSW Department of Primary Industries	Greenhouse Action to Enhance Sustainability in Regional Australia	To investigate the hypothesis that nitrate supplementation could be used to reduce methane emissions from enteric fermentation of ruminants under a range of intensive and on farm production systems, and to identify research strategies to test this theory.	National Interest
105,930	Department of Natural Resources (Qld)	Greenhouse Action to Enhance Sustainability in Regional Australia	To investigate the factors and processes that contribute to high nitrous oxide emissions from some sugarcane soils for use in the National Carbon Accounting System (NCAS).	National Interest
198,000	Department of Natural Resources and Water	Greenhouse Action to Enhance Sustainability in Regional Australia	To quantify annual N2O emission rates from a cereal cropping system in SE Queensland including the impacts of no-till and stubble retention under a range of seasonal conditions, and to complete a life cycle analysis to identify management options that res	National Interest
198,000	Department of Natural Resources and Water	Greenhouse Action to Enhance Sustainability in Regional Australia	To quantify annual N2O emission rates from a cereal cropping system in SE Queensland including the impacts of no-till and stubble retention under a range of seasonal conditions, and to complete a life cycle analysis to identify management options that res	National Interest
165,840	Australian National University	Greenhouse Action to Enhance Sustainability in Regional Australia	To test the national applicability of the prototype FullCAM/FIRESCAPE model to assess changes in forest carbon stocks as a function of intensity and frequency of fire events.	Canberra
495,000	NSW Department of Primary Industries	Greenhouse Action to Enhance Sustainability in Regional Australia	To measure methane emissions as a function of genotype, management, and environment across a range of sheep production systems and agroecological zones in Australia, and to contribute to the building of a methane function into the National Carbon Account	National Interest

* GST was not applicable

Note:

- Pursuant to the order of the Senate agreed to on 24 June 2008 we have reported the value of grants approved not paid from 3 December 2007 to 4 May 2009.
- The figures reported reflect the value of grants approved, rather than paid. This approach is consistent with Senate Order 13 & 14.
