

Senate Finance and Public Administration Legislation Committee

ADDITIONAL ESTIMATES – 9 FEBRUARY 2010 ANSWER TO QUESTION ON NOTICE

Human Services Portfolio

Topic: Physical locations of offices and lease details

Question reference number: HS13a and HS13b

Senator: Fifield

Type of question: Hansard F&PA pages 92-94, 9 February 2010

Date set by the committee for the return of answer: 26 March 2010

Number of pages: 49

Questions:

HS13a

Senator FIFIELD - Please take on notice the details for the physical locations of each of the separately located entities - Centrelink, Medicare, CSA and CRS - in the first instance and also some of the lease details.

Mr Pratt - I am sorry, that was not clear to me.

Senator FIFIELD - Sorry, could you provide the physical locations - the addresses of –

Mr Pratt - Existing offices?

Senator FIFIELD - of existing offices and also some of the lease details - so what the term of the lease is at each of those sites and when they might expire.

Mr Pratt - I am sure we can provide the details of locations of the offices without too much trouble. In fact, we will probably be able to direct you to a website or websites which provide that information. In terms of actual lease details, I will have to take that on notice. That could be quite a large body of work to look at.

Senator FIFIELD - Perhaps just provide the dates that the leases expire.

Mr Pratt - I will take that on notice.

HS13b

Senator FIFIELD - Thank you. This may be commercial-in-confidence, but, if it is not, could the annual cost of the leases for each of those sites be provided as well?

Mr Pratt - We will examine whether or not we can do that.

Senator FIFIELD - As I say, it may be commercial-in-confidence, but, if it is not, please provide it. You have already undertaken to provide on notice information about those sites where there may need to be a lease paid out as a result of co-location. That would be useful, too.

Mr Pratt - Yes.

Details of leases, including terms and financial details, are considered to be commercial-in-confidence. Providing details of rental rates would disadvantage the Commonwealth, as it would allow potential lessors to bid rental rates with unfair knowledge of the competition and push up prices. It should be noted that, in order to extract best value for money invested in fit-outs, many leases of Human Services premises are extended from the point where they would otherwise expire.

There have been no leases that have been exited early, either by Medicare Australia or Centrelink, as a result of co-location.
